

Mazuri® Vita-Zu® Primate Tab

5072

(Available at our TestDiet Unit (765)966-1885/testdiet@purinamills.com)

Description

Vita-Zu® Primate Tabs are formulated to provide for the normal daily vitamin needs of most non-human primates. Convenient sized tablets are highly palatable and made with stable forms of fat-soluble and water-soluble vitamins. Each tablet has a uniform size and precision weight of 3 grams.

Features and Benefits

- **Provides supplementary vitamins** - Eliminates need for supplementation of fruits and vegetables.
- **Convenient** - Get feed and vitamin tablets from same supplier.
- **Palatable** - Readily consumed to insure adequate intake of vitamins.

Product Form

- Rolled-edge domino shaped, 3 gram tablet
3/8" thickness x 1/2" width x 7/8" length
- 0.9 kg per canister
Approximately 300 tabs/canister.

Ingredients

Dried corn syrup, maltodextrin, microcrystalline cellulose, fructose, L-ascorbyl-2-polyphosphate (vitamin C), d-alpha tocopheryl acetate (vitamin E), nicotinic acid, magnesium stearate, calcium pantothenate, artificial flavors, orange oil, vitamin A acetate, pyridoxine hydrochloride, riboflavin, thiamin mononitrate, cholecalciferol (vitamin D₃), folic acid, menadione sodium bisulfite (vitamin K), biotin.

Feeding Directions

Provide as a dietary source of vitamins to rapidly growing and adult animals deemed in need of such supplemental vitamins. For best results, feed daily with or immediately after meals. For instance, use one tablet daily for 20 to 70 kg animals; an additional tablet for each 70 kg of animal weight. Young animals up to 20 kg need 1/2 of this tablet daily or one tablet every other day.

Approximate Nutrient Composition

Each Tablet Contains:

NUTRIENTS
