

Description

Blend of vitamins and minerals designed to complement a feed supplement and forage to provide necessary nutrients needed for healthy and productive alpacas.

56CB – 25 lb blend Catalog #0061019

Guaranteed Analysis

Calcium (Ca) not less than	10.0%
Calcium (Ca) not more than	12.0%
Phosphorus (P) not less than	8.0%
Salt (NaCl) not less than	20.0%
Salt (NaCl) not more than	24.0%
Zinc (Zn), PPM, not less than.....	9,000
Copper (Cu), PPM, not less than	400
Selenium (Se), PPM, not less than	50
Vitamin A, IU/lb, not less than	180,000
Vitamin D3, IU/lb, not less than.....	50,000
Vitamin E, IU/lb, not less than	9,000
Biotin, mg/lb, not less than	4
Niacin, mg/lb, not less than	200
Thiamin, mg/lb, not less than	1,600

Feeding Directions

Use free choice, replenish every 3 to 5 days, or top-dress over a professionally bagged feed supplement, about 0.16 oz per 100 lb body weight per day. When first introduced it often takes 7-10 days for your animal to enjoy the taste. It will vary with the animal's use, weather conditions, and quality of available forage (grass or hay), and bagged feed supplement use. No nutrition program is complete without testing the forage, the supplement, and the vitamin-mineral mix, then evaluating the sum total of ingredients supplied.

DO NOT FEED TO SHEEP DUE TO HIGH LEVELS OF SUPPLEMENTAL COPPER.
