Crude protein not less than 1.0%

Crude fat not less than 0.10%

Crude fiber not more than 11%

Ingredients

Ascorbic acid (vitamin C), calcium iodate, microcrystalline cellulose, dicalcium phosphate, dl-alpha tocopheryl acetate (source of vitamin E), thiamin mononitrate, dried brewers yeast, dried corn syrup, vitamin A acetate, calcium pantothenate, pyridoxine hydrochloride, corn oil, riboflavin, cholecalciferol (vitamin D₃), shellac (outer coating), diacetylated monoglyceride (outer coating), vitamin B₁₂ supplement, nicotinic acid.

Feeding Directions

- Feed to sharks/rays by placing tablet into the food (shellfish or fish).
- Feed 1 tablet per ½ pound of food.
- Recommendation: feed out within 12 hours of pilling food.

Storage Conditions

For best results, after removal of required tablet dosage store in original container with lid securely affixed in a cool (75°F or colder), dry (approximately 50% RH) location.

Note: tablet coating may become speckled with exposure to air – this is not indicative of any vitamin degradation.
