Folic acid, µg	60
Biotin, µg	30
Crude protein not less than	1.0%
Crude fat not less than	0.5%
Crude fiber not more than	0.5%

Ingredients

DL-alpha tocopheryl acetate (source of vitamin E), dried corn syrup, thiamin mononitrate, ascorbic acid (vitamin C), maltodextrin, brewers dried yeast, pyridoxine hydrochloride, calcium pantothenate, riboflavin, shellac (outer coating), diacetylated monoglyceride (outer coating), vitamin A acetate, magnesium stearate, silicon dioxide, corn oil, folic acid, biotin.

Feeding Directions

- Feed to birds by placing tablet into the food (shellfish or fish).
- For 0.19 g tablet, feed 1 tablet per 1 oz. of food.
- Recommendation: feed out within 12 hours of pilling food.

Storage Conditions

For best results, after removal of required tablet dosage store in original container with lid securely affixed in a cool (75°F or colder), dry (approximately 50% RH) location.

Note: tablet coating may become speckled with exposure to air - this is not indicative of any vitamin degradation.
