

Mazuri® Bird of Prey Gel

5MD0

(Available at our TestDiet Unit (765)966-1885/info@testdiet.com)

Description

Mazuri® Bird of Prey Gel is a complete diet designed for birds of prey.

Features & Benefits

- **Nutritionally complete** - No supplementation necessary.
- **Soft, wet gel** – Similar to raw meat in texture.
- **Contains only natural source vitamin E** – highly available form of vitamin E.

Product Form

- Powder

Catalog #0010113

Guaranteed Analysis (dry powder)

Crude protein not less than	58.0%
Crude fat not less than	10.0%
Crude fiber not more than	5.0%
Ash not more than	11.0%

Ingredients

Poultry meal, meat meal, gelatin, ground beet pulp, locust bean gum, carrageenan, brewers dried yeast, poultry fat preserved with ethoxyquin, wheat germ, fish oil, fish meal, casein, xanthan gum, taurine, lecithin, potassium chloride, menadione dimethylpyrimidinol bisulfite (vitamin K), tagetes extract, spirulina, beta-carotene, choline bitartrate, d-alpha tocopheryl acetate (vitamin E), thiamin mononitrate, magnesium oxide, biotin, pyridoxine hydrochloride, cholecalciferol (vitamin D₃), retinyl acetate (vitamin A), inositol, folic acid, zinc oxide, calcium pantothenate, vitamin B₁₂ supplement, ethoxyquin (a preservative), salt, calcium iodate, copper sulfate, nicotinic acid, riboflavin, manganous oxide, ferrous carbonate, zinc sulfate, calcium carbonate, cobalt carbonate, sodium selenite.

Mixing and Storage Directions

Mix hot water (over 170° F) and 5MD0 at 3:1 (water wt:product wt) with a spoon for 1 minute or until thoroughly mixed. For a more moist gel, mix at a ratio of 4:1 (water wt:product wt). Do not microwave mixed product. Spread on flat sheet or into a container and refrigerate overnight. Cut into appropriately sized pieces. Do not store in the refrigerator for more than 24 hours, or the freezer for more than 30 days. Do not feed any moldy or insect-infested feed.

Feeding Directions

Bird of Prey Gel should be used as a supplement to meat or prey items, or may be fed as the primary diet. If feeding meat or prey items, ensure that they are nutritionally complete by using the appropriate supplements. Provide fresh feed daily. Always provide birds with a source of clean, fresh water.
