

**Description**

Mazuri® Mini Pig Elder Diet is a low-energy, high-fiber diet for porcine species that helps restrain growth rate while helping to satisfy hunger. This ration can be used as a maintenance diet for adult animals that are not reproducing or lactating. This product was specially formulated to meet the needs of exotic miniature pigs, such as the Vietnamese potbellied pig.

**Features and Benefits**

- **Low-energy, high-fiber ratio** – for a long, healthy life for less active mature animals
- **Complete nutrition** - Supplemental vitamins and minerals not required
- **Pellet form** - Easy to feed; minimizes waste
- **Zinc methionine and vitamin E** - Provides for optimal skin condition
- **Ammonium chloride** - To aid in reducing the incidence of urinary calculi
- **No meat products** - Helps reduce ammonia in urine
- **Yucca extract** - Helps reduce ammonia in urine
- **Contains mixed tocopherols** - All natural antioxidant

**Product Form**

Pellet size: 5/32" diameter x 1/2" length

**Catalog #0001503**

25 lb. net weight paper sack

**Guaranteed Analysis**

|                                    |          |
|------------------------------------|----------|
| Crude protein not less than .....  | 12.0%    |
| Lysine not less than.....          | 0.75%    |
| Crude fat not less than .....      | 3.0%     |
| Crude fiber not more than .....    | 12.0%    |
| Calcium (Ca) not less than .....   | 0.80%    |
| Calcium (Ca) not more than .....   | 1.30%    |
| Phosphorus (P) not less than ..... | 0.75%    |
| Salt (NaCl) not less than .....    | 0.50%    |
| Salt (NaCl) not more than .....    | 1.00%    |
| Selenium (Se) not less than .....  | 0.30 ppm |
| Zinc (Zn) not less than.....       | 250 ppm  |

**Ingredients**

Ground corn, wheat middlings, ground oats, dehydrated alfalfa meal, ground soybean hulls, dicalcium phosphate, monocalcium phosphate, dehulled soybean meal, soybean oil, cane molasses, lignin sulfonate, calcium carbonate, dried beet pulp, L-lysine, ammonium chloride, salt, choline chloride, zinc methionine complex, menadione dimethylpyrimidinol bisulfite (vitamin K), dried yucca shidigera extract, pyridoxine hydrochloride, tocopherols (a preservative), biotin, calcium pantothenate, d-alpha tocopheryl acetate (natural source of vitamin E), ferrous sulfate, (L-tryptophan), cholecalciferol (vitamin D<sub>3</sub>), vitamin B<sub>12</sub> supplement, folic acid, vitamin A acetate, riboflavin, nicotinic acid, thiamin mononitrate, DL-methionine, citric acid, manganese sulfate, manganous oxide, copper sulfate, zinc sulfate, ethylenediamine dihydriodide, tribasic copper chloride, sodium selenite.

**Feeding Directions**

The level of feed intake depends on many factors including environmental temperature, other feed available and activity. The feeding levels suggested below are appropriate for average living conditions.

For maintenance of adult animals (1 1/2 years of age or older), regulate feed to a level to maintain body weight without putting on excess fat. A level of 1-2% of body weight works well for many owners. Active animals may require more feed.

Feed to managed pigs following Mazuri® Mini Pig Active Adult. Mix this product with equal amounts of Active Adult for at least 3-5 days to help adjust animals to new feed.
