

Description

Mazuri® Mini-Pig Youth Diet is nutritionally complete and balanced for porcine species, and gets young animals off to a healthy start. This product was specially formulated for young pigs in collections and to meet the needs of exotic miniature pigs, such as the Vietnamese potbellied pig.

Features and Benefits

- **Amino acid balanced** - Provides the amino acids needed for a healthy start
- **Complete nutrition** -- Supplemental vitamins and minerals not required
- **Highly palatable**
- **Contains dried whey** - Gets young pigs off to a good start
- **Pellet form** - Easy to feed; minimizes dust and waste
- **Zinc methionine and vitamin E** - Provides for optimal skin condition
- **No meat products**
- **Yucca extract** - Helps reduce ammonia in urine.
- **Contains mixed tocopherols** - All natural antioxidant

Product Form

- Pellet size: 5/32" diameter x 1/2" length.

Catalog #0001501

25 lb. net weight paper sack.

Guaranteed Analysis

Crude protein not less than	20.0%
Lysine not less than.....	1.3%
Crude fat not less than	5.0%
Crude fiber not more than	3.0%
Calcium (Ca) not less than	0.80%
Calcium (Ca) not more than	1.3%
Phosphorus (P) not less than.....	0.90%
Salt (NaCl) not less than	0.45%
Salt (NaCl) not more than	0.95%
Selenium (Se) not less than	0.30 ppm
Zinc (Zn) not less than.....	220 ppm

Ingredients

Ground corn, Dehulled Soybean Meal, Dried Whey, Sucrose, Soybean Oil, Dicalcium Phosphate, Monocalcium Phosphate, Cane Molasses, Dried Beet Pulp, Dehydrated Alfalfa Meal, Calcium Carbonate, DL-Methionine, Calcium Propionate (a Preservative), Choline Chloride, Zinc Methionine Complex, Dried Yucca Shidigera Extract, Salt, Pyridoxine Hydrochloride, L-Lysine, Menadione sodium bisulfite complex (vitamin K), Ferrous Sulfate, Biotin, Calcium Pantothenate, D-alpha-tocopheryl acetate (natural source vitamin E), Cholecalciferol (vitamin D3), Vitamin A acetate, Vitamin B-12 supplement, Folic Acid, Riboflavin, Zinc Oxide, Nicotinic Acid, Thiamine mononitrate, Manganese Sulfate, Manganous Oxide, Natural Mixed Tocopherols (a Preservative), Copper Sulfate, Citric Acid, Ascorbic Acid (Vitamin C), Rosemary Extract, Lecithin, Zinc Sulfate, Ethylenediamine Dihydrate, Tribasic copper chloride, Sodium Selenite.

Feeding Directions

Feed on a free-choice basis as creep feed from 7 days post-weaning (8 weeks of age or older). Continue feeding Mazuri® Mini-Pig Youth Diet free-choice if rapid growth is desired or feed at a rate of 1.5-3% of current body weight to regulate growth rate. Do not underfeed.

Change to Mazuri® Active Adult Diet as desired to regulate growth rate at 16 weeks of age or older. For gestating or lactating females, feed a mixture of 50% Active Adult Diet and 50% Youth Diet for increased energy. For higher energy, increase Youth Diet to 60% of daily intake.

When using a self-feeder, make sure it is adjusted to minimize feed wastage. Feeders should be well managed so as to provide adequate feeder space, prevent moisture condensation, mold and insect development. Always provide a source of fresh, clean water and adequate drinking space. Provide a draft-free pen with a clean, dry sleeping area.
